CHANGE YOUR CHANNEL

Move cargo more efficiently. Scale operations for future growth.

Big changes are happening here. Freeport Harbor Channel – already the shortest on the Texas Gulf – will soon be the deepest channel in the state. Larger vessels will be moving through our port than ever before and we'll be ready for them with new berths and modern cranes. Best of all, we have over 500 acres of adjacent land ready for development.

See the big picture. It's time to change your channel.

Visit our website or schedule a tour today.

NORTH STAR WATER FILTRATION SYSTEM

Part No.: NSWHCW

NORTH STAR ECOPURE CENTRAL WATER SYSTEM

Where other systems stop, the EcoPure Central Water System keeps on going: delivering clean and delicious filtered water to your entire home. Not just at your kitchen Faucet!

- **Produces High Quality, Great Tasting Water**
Every faucet throughout your home will produce clean, delicious water, without sacrificing water pressure.
- **Wallet & Eco-Friendly**
No more buying or lifting those heavy cases of bottled water or recycling all those empties.
- **Removes Chlorine Taste & Odor**
Your home won't smell like chlorine or other chemicals. Plus, this filter will reduce the harmful effects from these chemicals to your eyes, hair, skin, fabrics, pets, and your environment.
- **Automatically Self-Cleaning**
No filters to change – ever! And nothing else that you'll need to clean. The Clean Rinse Cycle automatically lifts and expands the media bed to rejuvenate the media and flush dirt and sediment down the drain. Then, it repacks the bed for continued use.
- **LED Indicator Light**
Convenient notification alerts you when the system is filtering.
- **NSF**
The estimated useful life of this system is over 10 years based on rated capacity of 570,000 gallons.
- **Includes Bypass Valve & Installation Kit**
